Quarterly Journal of Microscopical Science

QH
201
Q2

JOINT EDITORS

C. F. A. PANTIN, Sc.D., F.R.S.

JOHN R. BAKER, D.Sc.

VOLUME 90. Third Series

Published for the Company of Biologists Limited
OXFORD: AT THE CLARENDON PRESS
LONDON: GEOFFREY CUMBERLEGE
1949

CONTENTS

Contents of Volume 90, Part 1

Page

J. W. Sluiter and G. J. Van Oordt. The Influence of a Gonadotrophin on the Seasonal Changes in the Testis and Deferent Duct of the Chaffinch (*Fringilla coelebs*). With three Plates 1

D. A. Parry. The Structure of Whale Blubber, and a Discussion of its Thermal Properties. With one Plate 13

H. P. Goodrich. *Heliospora* n.g. and *Rotundula* n.g. Gregarines of *Gammarus pulex*. With one Plate 27

A. F. W. Hughes and H. B. Fell. Studies on Abnormal Mitosis induced in Chick Tissue Cultures by Mustard Gas. With three Plates . . 37

A. Loveless and J. F. Danielli. A Dye Phosphate for the Histo- and Cytochemical Demonstration of Alkaline Phosphatase, with some Observations on the Differential Behaviour of Nuclear and Extranuclear Enzymes. With one Plate 57

J. F. Danielli. A Critical Study of Techniques for the Cytochemical Demonstration of Aldehydes 67

A. J. Cain. On the Significance of the Plasmal Reaction . . . 75

J. R. Baker. The Cell-Theory: a Restatement, History, and Critique. Part II 87

Contents of Volume 90, Part 2

A. H. Al-Hussaini. On the Functional Morphology of the Alimentary Tract of Some Fish in Relation to Differences in their Feeding Habits: Anatomy and Histology. With three Plates 109

J. Froud. Observations on Hypotrichous Ciliates: I. The Genera *Stichotricha* and *Chaetospira* 141

O. G. Fahmy. Oogenesis in the Desert Snail *Eremina desertorum* with Special Reference to Vitellogenesis 159

I. J. Lorch. The Distribution of Alkaline Phosphatase in the Skull of the Developing Trout. With two Plates 183

C. H. Waddington and C. B. Goodhart. Location of Absorbed Carcinogens within the Amphibian Cell 209

Contents of Volume 90, Part 3

Page

J. Hanson. Observations on the Branchial Crown of the Serpulidae (Annelida, Polychaeta) 221

N. J. Berrill. The Polymorphic Transformations of *Obelia* . . 235

A. J. Marshall. On the Function of the Interstitium of the Testis. With one Plate 265

A. Khalifa. The Mechanism of Insemination and the Mode of Action of the Spermatophore in *Gryllus domesticus* 281

J. R. Baker. Further Remarks on the Golgi Element . . . 293

J. F. Danielli. Aldehydes in relation to Absorption of Fat from the Intestine and Metabolism of Fat in the Liver. With one Plate . . . 309

F. A. Denz. The Histochemical Detection of Beryllium . . . 317

J. R. Baker, D. A. Kempson, and P. C. J. Brunet. A Simple Method for Phase-contrast Microscopy: Improvements in Technique . . 323

J. R. Baker. The Cell-Theory: a Restatement, History, and Critique. Addendum to Part II 331

Contents of Volume 90, Part 4

A. H. Al-Hussaini. On the Functional Morphology of the Alimentary Tract of Some Fish in Relation to Differences in their Feeding Habits: Cytology and Physiology. With four Plates 323

H. B. Fell and A. F. Hughes. Mitosis in the Mouse: A Study of Living and Fixed Cells in Tissue Cultures. With eight Plates . . 355

I. J. Lorch. The Distribution of Alkaline Phosphatase in Relation to Calcification in *Scyliorhinus canicula*. With one Plate . . . 381

M. de Nicola. Alkaline Phosphatases and the Cycle of Nucleic Acids in the Gonads of Some Isopod Crustaceans. With one Plate . . 391

T. Yao. Cytochemical Studies on the Embryonic Development of *Drosophila melanogaster*. I. Protein Sulphydryl Groups and Nucleic Acids . 401

A. J. Cain. A Critique of the Plasmal Reaction, with Remarks on Recently Proposed Techniques 411

J. E. Linder. A Simple Method of Staining the Basement Membrane of Glomerular Capillaries 427

W. Chesterman and E. H. Leach. Low Viscosity Nitrocellulose for Embedding Tissues 431
